Team Play and Age of Participants:

- Participants can only play on one team within an age division. Playing on multiple clubs or organizations is not allowed. Within a club, a coach may allow a player registered on a lower age team to play up for games in which an older team has 10 players or less but cannot exceed 2 additional players. A player cannot be registered with an older team and be used with a lower age team as he is believed to be an older age capable participant and assumes the older age regardless of actual age.
- Divisions are based on players' birthdates as of December 31st of prior year.
 - U13 Age Group - Born 2008 or younger (No Over Age Allowed)

- U15 Age Group - Born 2006 or younger (No Over Age Allowed)
- U16 Age Group - Born 2005 or younger (No Over Age Allowed)
- High School Age Group – 20/21 High school grade 12 allowed but must be born 2003 or younger (No Over Age Allowed)

Facility Access and Rules:

- Players and spectators are not allowed food or drinks on COURT FLOORS – Exception of water and sports drinks for the players.
- ALL Teams are expected to clean up their bench area after every game.

Tie Breaker Rules:

- **Two-Way Tie:** Head-to-Head method. If a tie exists between two teams at the completion of the round robin, the winner of the game played by the two teams involved (head-to-head match-up) will be given priority ranking.
- **Three-Way Tie:** Points for and against method. If a tie exists between three or more teams, the points for and against method will be used with a cap at 20 points per game. Example: If Team A wins by 32 points, only a point spread of +20 will be used for that game, not +32. Scores against the team(s) NOT involved in the three-way tie are discarded. The total points scored and allowed for each game is calculated for the teams involved in the three-way tie. The team with the highest points for and against value will be given priority ranking. The team with the second highest points for and against value will be given the secondary ranking.
- **Tie persists between 2 teams:** If a tie exists between two teams after using the three-way tie – points for and against method, then the winner of the game played by the two teams involved (head-to-head match-up) will be given priority ranking.
